NUMB. 2588

MONDAY SEPTEMBER 26. 1743.

Since my last arriv'd a Mail from Flanders.

Lisbon, Auguſt 21.

ON Saturday laſt the King went to Belem by Water, in order to perform his Devotions in the Church of Good Succeſs, before the miraculous Image of our Lady; and at his Departure he made the Convent a Preſent of 200 Mill Reis. His Majeſty intends quickly to go again to the Hot Baths. Two Spaniſh Ships are arrived from America at the Algarves, and are ſaid to be very richly laden. The Precautions taken here for avoiding the Plague are ſo many, and ſo extraordinary, that they are like to be attended with very great Inconveniencies. All the Caſtles in the River have Orders to Fire upon any Ship, or Boat, that attempts to Land without a Certificate from the Board of Health; and the very Day theſe Orders were iſſued, they had an Opportunity of putting them in Execution, by the Arrival of a Swediſh Ship, which about Four Months before had touch'd in Sicily. The Captain, in order to avoid Quarantine, alledg'd, that he had already perform'd it at Malaga. At another Time this would have been admitted, but the Officer who commands on the Coaſt ſent him for Anſwer, that he ſhould have no Water there, and that if he did not immediately retire, he would ſink his Ship. The Board of Health have ſince baniſhed the Pilot for 10 Years that brought them into the River.

Hamburgh, September 25. The Biſhop of Lubeck arriv'd at Straiſund the 21ſt Inſtant, where he was receiv'd with the general Acclamations of the People, and receiv'd all the Honours which are ſhewn to Crown'd Heads. We have not yet any Advice of his Royal Highneſs being imbark'd, the Convoy of the Swediſh Men of War not being able, by reaſon of contrary Winds, to come into the Road.

Vienna, Sept. 21. We flatter ourſelves, that notwithſtanding the Reluctance ſhewn by the Bavarian Nobility, Homage has been every where paid to the Queen, purſuant to her Edict. She has certainly a Title to it by the Right of Conqueſt; and her Majeſty inſiſts upon it for no other Reaſon, but becauſe the Elector of Bavaria did the ſame not long ago, when he had required the States of Auſtria to do him Homage at Lintz. All the Bohemian Nobility are returning home, in Obedience to the Queen's Proclamation; and it is reſolved to put an end, for the future, to all the illicit Correſpondencies which have produced ſo much Miſchief in that Kingdom. The States of Moravia have lately granted her Majeſty, by Way of free Gift, 7000 Florins. We are aſſured that the Czarina, in order to make Trial of the Diſpoſition of a certain Prince, will ſpeedily demand a Paſſage thro' Sileſia for 40,000 Men, and we flatter ourſelves it will be complied with.

Ratisbon, Sept. 23. The States of Bavaria having preſſed upon her Hungarian Majeſty to cauſe a Clauſe to be inſerted in their Act of Homage, importing, that it ſhould be no longer Valid, than while her Majeſty remained in Poſſeſſion of the Electorate, have ſubmitted chearfully to her Order, and actually took the Oath of Fealty on the 16th. Troops every Day join General Ormeclau, and it appears, by the Diſpoſitions he is making, that the Court of Vienna is ſtill under ſome Apprehenſions, either of an Inſurrection, or of the Return of Field Marſhal Seckendorff, with his Army, into Bavaria.

Frankendal, Sept. 23. Colonel Mentzel aſſembled, the Day before Yeſterday, his Regiment at Schugenhauſs, in the Neighbourhood of this City; and they performed their Exerciſes with a Celerity and Addreſs which aſtoniſhed all who beheld them. After the Review was over, Colonel Mentzel gave a grand Entertainment to ſeveral general Officers, and other Perſons of Diſtinction. On the 19th of this Month 500 Huſſars entered this Place, of whom 100 marched Yeſterday towards Spire. There are, already, in the Neighbourhood of Neuſtadt, a conſiderable Body of Troops in the Army of the Allies, amongſt whom are about 2000 Huſſars, who make Excurſions up to the very Lines of the French. We have, this Moment, Advice that the Marquis d'Epinay, Lieutenant General, who Commands at Strasbourg, has demanded 800,000 Livres of the Proteſtant Inhabitants, and 200,000 of the Papiſts, in that City, towards defraying the Expences of the preſent perilous Conjuncture; and that Six Years Exemption from all Taxes has been promiſed to ſuch of the Peaſants as ſhall take up Arms for the Defence of their Country.

Worms, September 25. Letters from Prince Charles's Army of the 19th, N. S. adviſe, that his Highneſs had not then paſſed the Rhine, but that he did not doubt being able to make his Paſſage: That notwithſtanding the ſtrong cannonading of the Enemy, his Bridge had receiv'd no Hurt, and that, for eight Days before the Date of thoſe Letters, the Enemy had left off cannonading. Orders were Yeſterday given by his Britannick Majeſty for the March of the whole combined Army this Morning, and accordingly the Britiſh, Auſtrian, Hanoverian, and Heſſian Troops were all in Motion by Five of the Clock, and are now actually marching in two Columns towards Frankenthal, where they are to halt this Night, and will continue their March next Day to Spires. The Dutch Auxiliaries, who were encamped about a League from this Place, on the other Side of the Rhine, are now paſſing that River over our Bridge. By Accounts received Yeſterday, we learn, that the French have quitted their Lines on the River Queiche, and are retired to thoſe behind Landau, which extend from Lautrebourg to Weiſſenbourg, and that they have the River Lautre in their Front.

Spire, September 27. On the 25th Inſtant the Allied Army marched from Worms to Frankenthal, halting there that Night, and Yeſterday in the Evening arrived within a League of this Place. His Majeſty reſted laſt Night at Muſherſtadt, a Village about two Leagues off, and arrived here this Morning on Horſeback about Ten, attended by the principal Officers of his Court. The Horſe Militia of this Place, with a Detachment of their Foot, went ſome Diſtance out of Town to receive his Majeſty, attending him to his Quarters, where the Dean and principal Clergy, together with the whole Body of Magiſtracy, congratuleted his Majeſty on his Arrival. The Allied Army is encamped on the Right of this Town. The Dutch Auxiliaries encamped laſt Night about two Leagues on this Side of Worms, and are expected to join us this Evening. Yeſterday Morning an Expreſs came to his Majeſty at Frankenthal, from General Mentzel, of the Huſſars, giving an Account, that in attempting the preceding Night to burn a French Magazine, he forced two Poſts of the Enemy, but by endeavouring to force a third, by a great Superiority of Troops, was obliged to abandon his Enterprize; his Horſe falling with him in his Retreat, he had the Misfortune to break his Leg.

Hague, Oct. 2. We are now pretty well ſatisfied that there has been no great Matter done by the foreign Miniſters at Aix la Chapelle, but we are ſtill very uneaſy at the King of Pruſſia's Journey, and the rather, becauſe we are informed he has taken 7000 Troops into his Service. The Fair at Franckfort has been very inconſiderable, in conſideration of what it uſed to be, becauſe the Merchants from Lorrain and Alſace durſt not go thither. The Duke de Harcourt has aſſembled 18,000 Men on the Moſelle, and we are informed thoſe Troops will be ſhortly augmented to 30,000 Men. There is a Report ſpread, but it does not gain much Credit, that France has offer'd to deliver up Lorrain, on Condition that Tuſcany ſhall be given to the Infant Don Philip.

LONDON.

According to all the Advices from Poland, new Diſturbances have ſprung up there, which are like to give the King a great deal of Diſquiet, the Crown-General having already begun to form a Confederacy.

His Pruſſian Majeſty returned on the 25th of September to Berlin, where it is confidently ſaid, that his Majeſty has only made a Tour of Pleaſure, in order to viſit his Siſters the Margravines of Bareith and Anſpach.

Private Letters from Hamburgh inform us, that the Golden Lion, a Ship belonging to that City, arrived in the Elbe, Sept. 27. with four Whales from Greenland, and the Captain reported, that a Dutch Ship had taken nine; which is confirmed by Letters from Amſterdam.

Letters from Cologne, of Sept. 27. ſay poſitively, that an Expreſs paſt that Morning thro' that City, with the News of Prince Charles's having paſſed the Rhine; but they add, that this Courier came from Bruſſels, and that therefore his Report was ſuſpected.

By the Retreat of M. Noailles from behind the Queiche, all the Country between that River and the Lauter is abandon'd, which makes an Extent of about five Leagues, and leaves it in the Power of the Allies to inveſt Landau, if they think proper.

The Dutch are actually negociating in ſeveral German Courts, in order to take freſh Troops into their Service, that they may be able not only to compleat their third Augmentation, but alſo proceed to a fourth, more numerous than any of the former.

The French have ordered two of their ableſt Engineers to erect a Battery, which is to be furniſh'd with 16 of the heavieſt Pieces of Cannon in Strasbourg, with a View to ruin the Works raiſed by Prince Charles in Lorrain in the Iſland of Rhinmarck, from an Apprehenſion, that if the Auſtrians ſhould continue there all the Winter, their irregular Troops would make continual Inroads into the French Territories.

It is generally believed by moſt of the *Dutch* Politicians, That the States General fixing upon M. Kalkoen to be their Ambaſſador at the Court of France, is a Contrivance only to gain Time, ſince he is at preſent at Conſtantinople, and there muſt be, of courſe, five or ſix Months ſpent before he can be recalled, and receive his Inſtructions for his new Journey; by the End of which Space, it is very probable, Things will take another Turn.

M. Abraham Van Hoey remains in the mean time at Paris, and is like to remain there, tho' he now and then receives conſiderable Checks on account of his writing his own Sentiments of Things, under Colour of reporting Converſations with anonymous French Miniſters; a Sort of Uſage their High Mightineſſes ſeem no longer inclined to bear.

For the immediate Cure of BARRENNESS *in* WOMEN, *tho' of many Years Continuance, and proceeding from what Cause soever,*

And also of

IMPOTENCY *in* MEN, *however occasion'd, or of how long Standing,*

The Famous and Ineſtimable

PROLIFICK ELIXIR,

The highest, richest and most powerful Cordial in Nature, is recommended,

BEING the only true and infallible Cure for BARRENNESS in Women and IMPOTENCY in Men in the Universe, and which it at once accomplishes without the least Trouble, even after all other Remedies have fail'd, as Thousands have experienced, and that by promoting the cheerful Curricle of the Blood and Juices, raising all the Fluids from their languid, depressed State, to one more florid and sparkling, opening all Obstructions, fortifying the Nerves, encreasing the Animal Spirits, restoring a Juvenile Bloom, and evidently replenishing the crispy Fibres of the whole Habit, with a generous Warmth and balmy Moisture, and thereby invigorating it to such a Degree as not to be imagin'd, but by those who have experienced how exceedingly and sensibly it renovates, recruits, and powerfully strengthens all the Animal Faculties, and Generative Powers in both Sexes. It inforces a bright, lively Disposition, banishes Melancholy, and inspires Mirth and Gladness of Heart beyond Expression. A-bundance of Ladies, who for several Years were deemed inevitably Barren, have after twice taking it, conceived and become Fruitful; and great Numbers of Gentlemen, who by fast living, or otherwise, had render'd themselves incapable of Procreation, have soon been enabled by it to propagate their Species, insomuch, that very many illustrious Families, who, for want of Children, were almost inconsolable, are now blest with happy Issue, and are (under Providence) indebted to this Great Medicine for their Heirs. It rectifies all Disorders of the Stomach, creates an Appetite, procures a good Digestion, and in all Weakness of Body, or Decay of Constitution of any Kind, is a most infallible Restorative, and even keeps back the Effects of Old Age itself. It is to be taken but a few Drops at a Time, has a very fine Flavour, is pleasant to the Palate, Cordial to the Stomach, and can be had only at the Two Blue Posts in Haydon-Yard in the Minories, at 5 s. a Bottle, with Directions.
